ACERBIS

INTRODUCTION

Dear Friends,

We welcome you to our new catalog and the 1994 riding season.

In looking through Acerbis USA's selection of quality Acerbis, Sidi and Smith products we are sure you will note and appreciate the quality materials and design ideas put into all of these products. After all it's what

you have grown to expect from Acerbis and we will never offer anything except the best products possible.

As Acerbis USA is a enthusiast run company, every member of our staff hopes that someday we get to meet and ride with you. Whether it be a trail ride in Mexico, a local race event somewhere in the USA, the upcoming ISDE in Tulsa, a national motocross or better yet

our own Nevada Rally, we hope to meet you soon!

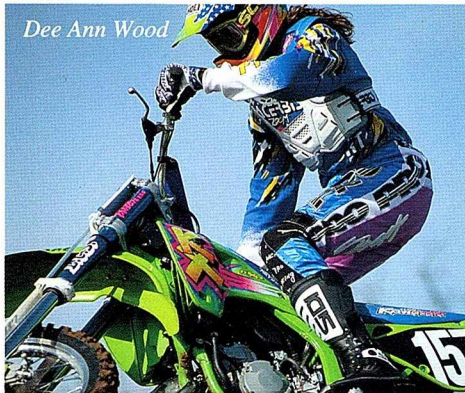

Take care, have a great 1994!

PROTECTION

Acerbis offers the highest quality, best performing selection of rider protection products in the world! From the top of the line Zoom chest protector to Acerbis' own knee pads no other products even come close. Acerbis. It doesn't get any better!

CHEST PROTECTORS

CHEST PROTECTORS

ZOOM CHEST PROTECTORS

The Zoom Chest Protector offers the rider the highest level of protection and comfort on the market. The Zoom's clean modern design features...

- Fully net suspended shoulder cups • Upper arm guards that are isolated from the shoulder cups. This design keeps upper arm movement from moving the shoulder cups • Extra strong channel reinforced rear back panel • Acerbis exclusive full kidney guards which can be removed if desired • Extra long side straps for larger riders • Fully adjustable arm and side straps • "Thousand Air-Cell" foam padding throughout • All plastic edges covered with foam trim • Fully vented design • Lightweight injection molded polyethylene plastic.

YOUTH ZOOM CHEST PROTECTOR

The Youth Zoom Protector offers many of the same features of the adult model but in a size that will more comfortably fit a rider from 10-16 years old, women or smaller adult.

Blue/Green, Yellow/Fushia, Aqua/White,
Purple/Black, White/Red,
Flourescent Red/White, White/White..... 03-52

Replacement buckle..... 05-30
Connector "C" clip (small)..... 05-52

ZOOM PLUS CHEST PROTECTOR

Finally, someone has produced a chest protector with big riders in mind! A rider no longer has to look like he is riding with a child's bib in order to have some upper body protection, Now he can go with the Acerbis Zoom Plus and be fully covered!

The Zoom Plus has all the same quality features as the standard Zoom but has a 1 3/4 inches higher and 2 1/2 inches wider front panel along with a rear panel that is over 1 1/4 inches wider giving the larger rider a level of protection he has never previously enjoyed.

Aqua/white, White..... 06-32

CHEST PROTECTORS

PROTON CHEST PROTECTOR

Acerbis latest adult chest protector offering is the stylish Proton. The consumer can now have a quality chest protector at a reasonable price! The Proton features include...

Injection molded chest and back protection panels • Back panel fully reinforced for maximum strength • Acerbis most ventilated design • Fully inner padded with "Thousand Air-Cell" foam • Removable upper arm guards •

White, Black, Purple, Red, Yellow,
Aqua, Charcoal.....06-31
Replacement buckle.....06-54

SCOUT CHEST PROTECTOR

The Acerbis Scout Chest Protector is designed for pee-wee riders but has the adult size features! These include...

Designed for riders 5-10 years old • Injection molded chest and back protection panels • Back panel fully reinforced for maximum strength • Fully vented design taken from the Acerbis Proton design • Fully inner padded with "Thousand Air-Cell" foam.

White, Blue, Purple, Red.....06-30
Replacement buckle.....06-54

FULL FLEX CHEST PROTECTOR

The Acerbis Full Flex Chest Protector as the name implies is a flexible upper body protector system. The Full Flex incorporates hinged, spring loaded panels in both the front and back for total freedom of movement while still providing great protection.

Some of the Full Flex's quality features include...

Fully adjustable arm and side straps • "Thousand Air-Cell" foam padding throughout • Lightweight injection molded plastic • Fully vented.

"Sporting events are dangerous in nature and use of this equipment cannot prevent injury or death. The user assumes all risks in participating in any activity wherever or however Acerbis equipment is used. All equipment is sold on this condition and no company representative can waive this condition".

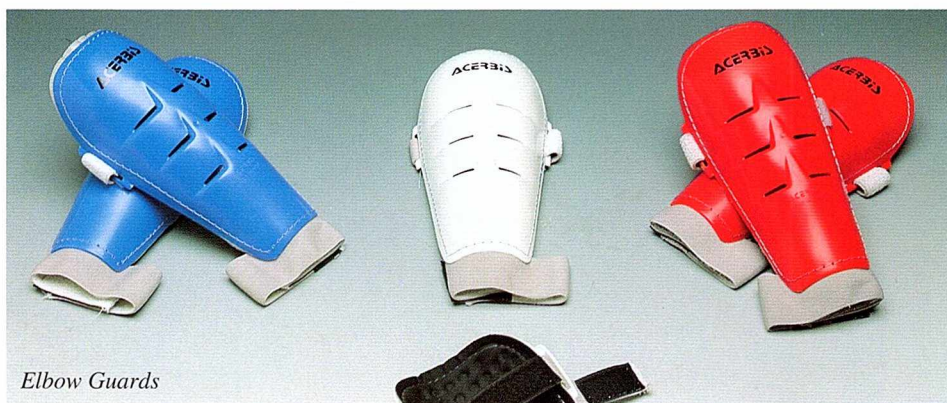

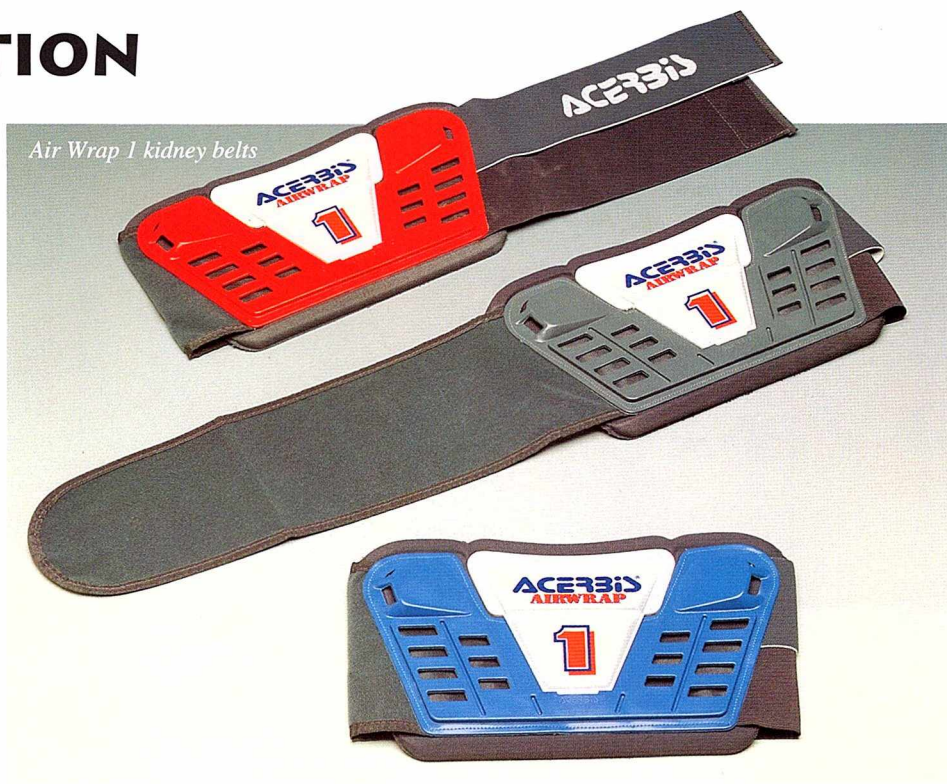

BODY PROTECTION

AIR WRAP 1 KIDNEY BELTS

Utilizing the best materials Acerbis has developed the ultimate in kidney support and lower spine protection.

The Air Wrap 1 incorporates a plastic shield for protection of the lower spine with the ultimate in kidney support being achieved with a soft form fitting plastic that adapts to any riders body shape.

Red, Aqua, Grey, Purple..... 03-50

ELBOW GUARDS

Acerbis design has developed an elbow guard with the riders movement in mind while still giving him full forearm and elbow protection. The straps are located in such a way that they do not interfere with the riders forearm muscle expansion, thus reducing "arm pump". The inner foam padding is designed to absorb impact and disperse force over the entire area of the pad thus lessening the possibility of injury to the rider.

Red, Aqua, White.....03-51

KNEE PADS

Tough outer plastic with a comfortable full wrapping inner foam.

Purple, Natural..... 05-99

"Sporting events are dangerous in nature and use of this equipment cannot prevent injury or death. SIDI DST BOOT

14

Sidi's all new DST "Dual Sport/Trials" boot was constructed with the specific needs of the dual sport/trials rider in mind. No other boot has as many quality features focused directly at the dual sport/trials rider. Look at these highlights.

- Constructed out of the finest Italian top grain leather for maximum flexibility and comfort.
- The DST features a four buckle closure system featuring Sidi's exclusive "cam lock" buckle system.
- Full height, fully padded inner tongue a Sidi exclusive.
- Double leather layer on the inside of each boot to protect the rider from heat transferred from the motorcycle.
- Equipped with Sidi's flexible, high grip vibram lug sole.
- Available in the classic, simple color of Black/Grey.
- Backed by Sidi's lifetime guarantee against defects in materials or workmanship.

INTERSTATE BOOT

Sidi did not forget the long distance or touring rider when putting together it's line of street boots. The Sidi Interstate is handcrafted from the finest Italian top grain leather inside and out, a feature that will prove it's true worth after a long day in the saddle as it's soft feel will lower fatigue. Entry is from the outside of the boot by a fully zippered opening covered by a velcro secured leather flap. A double layer of leather on the toe ensures a long life. Available in black with metric sizes only.

SMITH REPLACEMENT LENSES

Smith offers a full range of specialized lens tints. All Smith lenses are made of impact-resistant G.E. Lexan®.

CLEAR Allows maximum visible light transmission for all weather conditions.

GREY Neutral grey tint reduces eye strain in bright light conditions without color distortion.

AMBER Selectively filters blue light increasing visual clarity and depth-of-field perception in over-cast weather and flat light conditions.

LUNAR ECLIPSE Mirrored coating provides visual clarity in a wide range of light conditions.

035 USFS APPROVED NYLON SPARK ARRESTOR SILENCERS

After years of research, Acerbis has developed a progressive new use of high temperature nylon composites in a motorcycle application. Each 035 model is specifically designed for its application. The 035's extra long body offers the best combination of horsepower curves and quiet sound output for off-road use, complete with an Acerbis designed "turbine star" USFS approved spark arrestor.

Every model comes in a cool factory anthracite grey color complete with an extra repacking cartridge. Dirt Rider Magazine ***** 4-Star rated the best!

SILENCERS

C35 CARBON CROSS SILENCER

Finally a well thought out carbon fiber silencer that combines the extreme light weight of carbon fiber with the durability of a conventional silencer.

Acerbis C35 Carbon Fiber Silencer offers the first design that isolates an extruded carbon fiber body from the end caps and mounting bracket. Acerbis exclusive, injection molded, adjustable mounting bracket combined with slip fit end caps achieve this design goal. With this design fatigue around the end cap or mounting bracket rivets is eliminated greatly extending the units service life!

Some of the C35 Carbon Crosses outstanding features are...

- 20-30% lighter than stock.
- Fully rebuildable.
- Throaty "factory bike" exhaust note.
- Each unit comes complete with an extra repacking kit..
- Each unit covered by a one year guarantee against defects in materials or workmanship!

HANDLEBARS

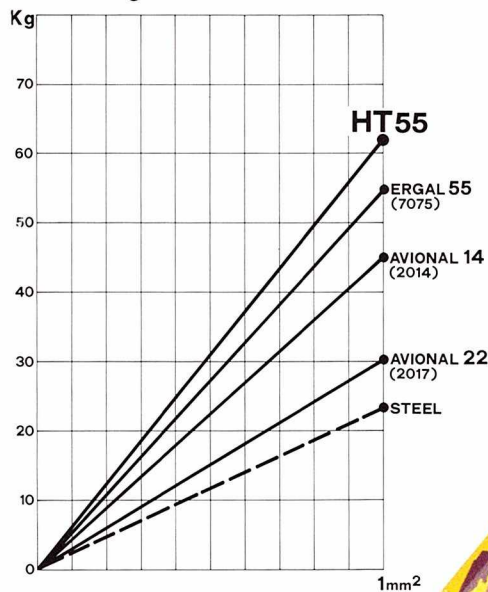

ACERBIS HT55 ALUMINUM HANDLEBARS

The new HT55 high technology aluminum handlebars are the highest quality and strongest crossed braced handlebars available. Acerbis uses only the finest Ergal 55-7075 T6 extruded aluminum tubing. This tubing resists bending better than any other material used in a handlebar application.

Combine this with a crossbar mounting bracket that won't slip or loosen and knurled mount and left grip areas and you have a bar that the rider can expect years of high quality service from.

Comes in natural Titanium color complete with a crossbar pad.

Bending test. The point where the handlebars start to bend. Kg/mm².

RALLY BRUSH GUARDS

Acerbis all new Rally Handguards are injection molded out of a very strong nylon composite. This new material is better than aluminum in this application as it is equally tough and has an inherent characteristic of being a very low friction point when sliding against most surfaces.

The Rally Handguard also offers the finest mounting hardware in the field. Every piece is precision machined for a clean-positive fit.

HEADLIGHTS

ELBA 2 HEADLIGHT

The lightweight Elba 2 headlight is the new world standard for enduro use. It mounts quickly and easily to all models with four heavy elastic straps. Constructed of high impact plastic with a tough lexan lens over the 12V 35W directionally adjustable bulb.

PIPE COVERS OR AIR BOX COVERS

Exhaust pipe covers

EXHAUST PIPE COVERS

Acerbis plastic exhaust pipe covers will absorb most impacts and not pass them on to the pipe. Special viton rubber mounts ensure that the plastic guard will not melt. Extra long mounting straps will also fit most aftermarket pipes.

Each cover designed for its specific application.

BAGS AND VISORS

Tool bag

TECHFLOW VISORS

Acerbis Techflow visors are designed to add style to your helmet while enhancing its performance as well.

Each model is designed to enhance the helmets standard venting system while cutting back on "visor lift" which catches most visors and pulls the helmet back on the riders head.

This flexible visor also features Acerbis exclusive "lateral wing" design to help block out that early morning or late afternoon sun that always seems to be in your eyes.

A channel is molded into the edge of the visor to allow water to drain off the side on rainy days.

Available in a variety of colors plus a paintable natural.

Arai MXR, MX Pro, MX/A, MX/E
SKI/R Blue, Fushia, Green, Red,
